Background

By Presidential Directive in 1961, President John F. Kennedy established FEBs to improve interagency coordination and communication among Federal departments and activities outside of Washington, D.C. The Director of the U.S. Office of Personnel Management is responsible to the President for the organizational and programmatic activities of the FEBs.

The need for effective coordination among Federal organizations’ field activities was clear then, and is even more important in today’s environment. Approximately 85% of all Federal employees work outside of the National Capitol Area, and most Federal programs are implemented through the regional and local offices of Federal departments and agencies. Regional and local Federal officials are the Federal Government’s principal representatives to the vast majority of our nation’s citizens.

The Boards function in four general areas: (1) coordinating local approaches to national programs and shared management needs; (2) providing a forum for the exchange of information between Washington and the field about programs, management methods, and administrative issues; (3) communicating from Washington to the field about management initiatives and other concerns for the improvement of coordination; and (4) referring to the national level problems that cannot be resolved locally.

Today, there are 28 FEBs located in areas with a significant Federal population. The Boards are composed of the highest-ranking local officials from each Federal agency located in the FEB area. Board leadership and structure consist of elected officers (Chair, Vice Chair) and Committees and Councils designated to direct FEB programs. The Buffalo FEB has a full time Executive Director who manages the daily operations of the Board. The Buffalo Federal Executive Board is comprised of 90 Federal agencies and offices that represent over 10,000 Federal Employees. The Federal Government is the largest employer in Western New York.

The Buffalo FEB was created in 1969 and is sponsored by the Department of Homeland Security, Immigration and Customs Enforcement with financial support from the U.S. Coast Guard.

EXECUTIVE SUMMARY

Homeland Security and Emergency Preparedness initiatives continue to be the primary focus of the Board’s activities. We remained committed to ensuring that Federal agencies are prepared to execute their Continuity of Operations plans to cover any and all contingencies. We continue to partner with FEMA to provide training and guidance to meet National requirements and a high level of preparedness. The FEB’s exercise focus this year centered on contingency preparations for a Pandemic event.

Supporting leadership and professional development, the FEB sponsoring 11 events during the year. Approximately 300 Federal employees took advantage of opportunities in the areas of self-improvement, leadership, supervision, diversity, and career planning.

Initiatives to provide low cost, or no cost training opportunities have proved to be popular with agencies faced with dwindling training budgets. Agencies have also stepped up to provide instructors for the leadership workshops.

The Excellence in Government Awards Program highlighted the accomplishments of the Federal workforce in Western New York. 40 individuals and 5 agencies were recognized for their outstanding contributions.

We continued to partner with both private and public organizations to promote activities for Federal employees and to broaden the scope of the FEB in the community. FEB initiatives included the Making Strides Against Breast Cancer walk, United Way Day of Caring, and the Feds Feed Families enhanced the visibility of the Federal workforce in Western New York.
LINE OF BUSINESS I

EMERGENCY PREPAREDNESS, SECURITY AND EMPLOYEE SAFETY

This Line of Business focuses on ensuring interoperable communications in the event of any contingency affecting the area of responsibility; providing continuity and emergency preparedness training; and providing agencies with resources to assist in their planning function.

Committee/Working Group Activities

In addition to FEMA and FEB meetings for the Emergency Preparedness Working Group, in September the Emergency Dismissal Team conducted the annual review of the Weather Emergency Plan to review and revise policies and procedures regarding recommendations to be made to agencies. The FEB provided assistance to three agencies on developing their internal emergency dismissal procedures.

In FY15 the FEB issued 6 operating recommendations during the winter season resulting in 3 closures and 3 recommendations for flexible operating status.

The Executive Director is a member of both the Erie and Niagara County Local Emergency Preparedness Committees, and the DHS Western New York Critical Infrastructure Protection Committee. This relationship aided in increasing participation in continuity events by state, local and tribal representatives.

The Emergency Preparedness Working Group’s focus was on activities and training leading to a Pandemic event tabletop exercise attended by both public and private sector organizations.

The FEB is also an active member of the Western New York Field Federal Safety and Health Council.
Training

The FEB’s Emergency Preparedness instructor and FEMA conducted the following training in FY15:

--- ICS 300 (2 classes) (FEB)
--- Continuity of Operations Manager’s Course (FEB)
--- Instructional Presentation and Evaluation Skills (FEMA and FEB)
--- Pandemic Accord (FEMA and FEB)
--- Devolution Planning (FEMA and FEB)

The FEB also ensured that agencies were informed of training opportunities offered by FEMA to train personnel in COOP and NIMS procedures supporting Homeland Security Presidential Directives; and the Professional COOP Practitioners Program.

The Executive Director assisted the Department of Energy in developing their emergency preparedness training program.

The FEB conducted First Aid and CPR training for 15 Federal employees.

Security

The FEB continued to play a key role in supporting the Niagara Center’s Facility Security Committee. The Executive Director is the Occupant Emergency Plan Deputy Designated Official.

The FEB, along with GSA and the Federal Protective Service, conducted the FPS Active Shooter Awareness Course.

Exercises

In April, the FEB, in conjunction with Exercise Eagle Horizon 2015, conducted its annual communications test. Agencies validated both electronic and telecommunications resources to respond to contingencies. The FEB also utilized the Communicator NXT system to provide an additional means to transmit emergency information.

Also in April the FEB and FEMA hosted a Pandemic Table Top Exercise. Both public and private organizations participated in this event.
